

One-time account setup to finish after your first store is built. Work down the list and check each box as you go — once these are done, you won't need to touch them again.

Core Setup **RECOMMENDED FOR EVERY DEALER**

☐

Integrated Purchasing

Connect your vendors so POs, live pricing, and availability flow automatically. [See more →](#)

☐

Send Orders with ShipStation

Push closed-store orders straight into ShipStation for labels and fulfillment. [See more →](#)

☐

Organization Auto-Emails On

Turn on launch, reminder, and abandoned-cart emails so contacts stay in the loop. [See more →](#)

☐

Upgrade Branding

Turn on advanced branding display options for a more polished, custom storefront look. [See more →](#)

Shop Management Software **OPTIONAL INTEGRATION (ASK US ABOUT CHIPPLY PRODUCTION)**

☐

Shop Management Software Integration

Sync your Chipply orders into your shop management system for production. [See more →](#)

Fulfillment Services **OPTIONAL INTEGRATED PARTNERS**

☐

Fulfill Engine

Route decorated-item orders through the Fulfill Engine integration. [See more →](#)

☐

Fast Platform

Connect the Fast platform workflow for outsourced fulfillment. [See more →](#)

☐

Vantage

Purchase decorated items through the Vantage integration. [See more →](#)

Level Up **ONGOING TIME-SAVERS**

☐

Store & Product Templates

Save a finished store as a template so future builds start from a copy, or bulk-add suggested product groups to any store. [See more →](#)

☐

Requestor Stores

Give customers a personalized catalog to browse, add items, and submit their cart as a store request. [See more →](#)

☐

Bulk Actions

Update display artwork and settings across many products at once instead of one by one. [See more →](#)

☐

Reporting

Track sales and store performance at a glance with Chipply's reporting tools. [See more →](#)

From setup to success, we've got you

Work through these at your own pace — each one makes building and running your stores easier.
